

**Application No.: 10/533,275**  
**Filing Date: November 9, 2005**

## **SUMMARY OF INTERVIEW**

### Exhibits and/or Demonstrations

None

### Identification of Claims Discussed

Claims 1, 15, and 22.

### Identification of Prior Art Discussed

PCT International Application Publication No. WO 84/01904 (“Swanbeck”) was discussed.

### Proposed Amendments

Proposed amendments to Claims 1, 15, and 22 were discussed.

### Principal Arguments and Other Matters

Applicant’s counsel and Examiner discussed the proposed amendments to Claims 1, 15, and 22, clarifying that “switching in the flowpath [is] between [1)] supply of a fluid from the fluid reservoir, [2)] recirculation of the fluid in the flowpath, and [3)] a combination of the supply and the recirculation.” The Examiner indicated that such an amendment appeared to distinguish over Swanbeck.

### Results of Interview

The amendments discussed regarding Claims 1, 15, and 22 appear to overcome the present rejection. The Examiner indicated that claims as amended would distinguish over Swanbeck. Applicant agreed to submit the claims as provided in the present response.
